

We Know Healthcare.

It's Time You Knew MediTract CLM.

MediTract CLM is the only patented, healthcare-specific CLM solution designed to centralize, standardize, and optimize the contract lifecycle. Our solution increases transparency and collaboration throughout the contract lifecycle, resulting in improved productivity and accountability. Use it to securely manage all your contracts in a centralized database, create custom workflows by contract type, and remain compliant with changing healthcare regulations.

Healthcare Contracting Is Complex. Your Solution Doesn't Have To Be.

- Centralize all contracts into a single, searchable repository.
- Gain total control over all contract phases, including initiation, review, approval, renewal, amendment, and termination.
- Ensure compliance at every stage of the contract lifecycle process.
- Proactively identify contracts with unfavorable terms before they renew.
- Reduce provider contracting cycles and capture potentially lost revenue.

“The greatest benefit to us is the speed and ease of use of the MediTract CLM solution. We have greater accountability and control of our contracts and actually have to spend far less time looking for and reviewing them.”

- Laird Pisto,
Associate General Counsel,
MultiCare Health System
